

FRAMEWORK TRIAGE SERVICE

Know your readiness before you commit.

Public sector frameworks are competitive, document-heavy, and unforgiving of gaps discovered too late. Our Framework Triage Service gives your business an independent, expert assessment of its readiness for the framework(s) you're targeting - before you invest the time and resource of a full application.

HOW IT WORKS - FOUR WORKSTREAMS**1 Discovery & Scoping**

Structured intake to map your product and portfolio against the target framework's lot structure, and confirm the scope of assessment.

2 Readiness Assessment

Detailed review against anticipated framework requirements - financial standing, accreditations, technical capability, and positioning.

3 Gap Analysis

A written gap analysis scored by severity and effort, mapped to a recommended remediation action - honest and specific to your business.

4 Action Plan & Readout

A prioritised, time-bound action plan with go/no-go recommendations, delivered in a live readout session with your team.

WHAT YOU'LL RECEIVE

- ✓ Written Readiness Assessment Report
- ✓ Structured Gap Analysis, scored by severity and effort
- ✓ Prioritised Action Plan with recommended sequencing
- ✓ Lot Positioning Map showing your strongest route to compete
- ✓ Live readout & Q&A session with your lead consultant
- ✓ 30 days of follow-up email support
